

TERRACART

INDIA'S FIRST ENTREPRENEURIAL PROJECT FOR PWD'S

TerraCart is India's 1st Entrepreneurial Platform designed specifically for Persons with Disabilities (PwDs). Based in Maharashtra, we are shifting the narrative from charity to commerce.

Instead of treating disabled individuals as recipients of aid, we empower them to become owners of premium hospitality businesses, integrating them directly into the heart of India's economic infrastructure.

For decades, support for PwDs has been "welfare-first." TerraCart flips the script by providing a Business-in-a-Box model that fosters true independence.

ABILITY IN EVERY DISABILITY

At Terra Cart, we celebrate unique talents.

CHANCE NOT CHARITY

A high-tech, high-impact entrepreneurial platform driven by capitalism with a heart.

INCLUSION IN ACTION

Society sees disability as weakness and a life of dependency. With TerraCart, we are changing the narrative.
