International Centre of Excellence

(Established under the Dr. Dnyaneshwar Mulay Foundation – DMF)
The International Centre of Excellence (ICE) at Nehru Garden, Khadki, Pune, was created by the Dr. Dnyaneshwar Mulay Foundation to become a dynamic hub of global learning, innovation, and community empowerment. Rooted in the values of human development and social progress, ICE strengthens local talent, connects learners with international opportunities, and actively contributes to the United Nations Sustainable Development Goals (SDGs)—particularly Quality Education (SDG 4), Decent Work & Economic Growth (SDG 8), Reduced Inequalities (SDG 10), and Partnerships for the Goals (SDG 17).

Our Purpose
ICE is dedicated to:

- Delivering world-class learning aligned with global standards and SDG 4: Quality Education.
- Enhancing skills, leadership, and entrepreneurship to support SDG 8: Decent Work & Economic Growth.
- Promoting international collaboration and cultural exchange, advancing SDG 17: Partnerships for the Goals.
- Supporting inclusive development to empower underserved communities, aligning with SDG 10: Reduced Inequalities.
- Driving research, innovation, and thought leadership that contribute to broader sustainable development.

A Vision of Excellence
Through ICE, DMF aims to nurture a future-ready generation—skilled, confident, and globally aware—capable of driving meaningful change in society. By integrating educational excellence with the SDGs, ICE stands as a symbol of opportunity, progress, and transformative impact.

International Centre of Excellence (ICOE), Pune, established in collaboration with Dr. Dnyaneshwar Mulay Foundation (DMF) & the **Khadki Cantonment Board (KCB)** is a premier humanitarian and development-focused organization committed to service, welfare, and inclusive community development across the State of Maharashtra.

International Centre of Excellence (ICOE), Pune run by the **Dr. Dnyaneshwar Mulay Foundation DMF, DMF** was established in 2019 and is registered as a Statutory Body under the Bombay Public Trusts Act, 1950 (BOM. XXIX of 1950), bearing Registration No. F-0037095 (KLH). Khadki Cantonment Board KCB is discharging all functions and performing all duties as required under the Cantonments Act, 2006. The Maharashtra State Branch functions as an integral part of a nationally aligned humanitarian framework, working in close coordination with public institutions, industry partners, and community stakeholders.

International Centre of Excellence operates as a **non-profit, voluntary, and humanitarian organization**, guided by universally accepted humanitarian values and principles, including **Humanity, Impartiality, Neutrality, Independence, Voluntary Service, Unity, and Universality**. These principles form the foundation of its governance structure, program design, and field-level implementation.

With a strong mandate to support **vulnerable, marginalized, and underserved communities**, the organization undertakes a wide spectrum of humanitarian, developmental, and welfare initiatives across Maharashtra, including:

The **International Centre of Excellence (ICOE)** Under the Khadki Cantonment Board (KCB) Pune & Dr. Dnyaneshwar Mulay foundation works with the following **primary beneficiary groups across urban and rural Maharashtra**, adopting a comprehensive approach that integrates **skill development, entrepreneurship, digital transformation, and inclusive growth**:

- **Youth between the ages of 18 to 45,** ICOE is driven by the values of Inclusion, Innovation, Trust, and People Development. These values guide our every endeavor, ensuring a global skilling landscape that empowers individuals and nations.
- **The Maharashtra Women Self-Help Groups (SHGs) Federation focuses** on digital literacy, financial inclusion, entrepreneurship development, and leadership enhancement.
- **Non-Governmental Organizations (NGOs)** in the region work on governance strengthening, institutional capacity building, and implementing Sustainable Development Goals (SDG) through project planning and digital transformation.
- **The Micro, Small & Medium Enterprises (MSMEs) sector** emphasizes workforce upskilling, adoption of digital technologies, and innovation to improve global competitiveness.
- **Farmer Producer Organizations (FPOs) concentrate** on leadership development, value-chain strengthening, and employ digital tools for market access and sustainability.
- **Additionally, social innovators and enterprises** engage in innovation incubation, impact measurement, and establishing SDG-aligned strategies to scale their initiatives and foster ecosystem linkages.

As a **nodal agency for skill development, entrepreneurship, and capacity-building initiatives**, ICOE–KCB-DMF actively supports **Central and State Government schemes**, CSR programs, and multistakeholder partnerships aimed at **enhancing employability, promoting self-reliance, preserving traditional skills, and fostering inclusive and sustainable growth**, particularly among minority and disadvantaged communities.
